

BRAND4CAREERS

NEWSLETTER 3

What we have done?

1 Career/ guidance counselor

We identified the actual needs of career/ guidance counselors when it comes to digital skills in Greece, UK, Romania, Cyprus and Spain. This was essential in order to identify which are the digital competencies that career counselors lack the most and which digital practices they use in their current training programs. In order to identify these needs partners we created questionnaires and distributed them to a big range of counselors working at universities.

2 CV Generator

The CV Generator is ready and partners will test it soon. The CV Generator will be translated into Greek, Italian, Spanish, Romanian and of course into English.

Next steps?

TPM in Rome

The final instructions will be given and we will discuss the continuation of the project in December.
